The Salt Lake Cricket equb defeated the Denver Cricket team yesterday by one iming and four runs. That is, the local cricketers scored enough runs in the first iming to beat the visitors' rungetting efforts in two innings, and had four to the good. For the benefit of about 30 per cent of Salt Lake's population, it should be stated that a cricket game lasts two innings, the length of which is anywhere from one hour to one week, or until ten men have been put out.

The victory in the first game came as a surprise to the eleven from Denver, but was probably a still greater surprise to the Salt Lake team as it would outclass the local experts in the speat English game.

Beginning at Il o'clock yesterday morning, the game, including the numerous stops for rest and refreshment, lasted until about 6 o'clock in the evening, during which time a number of cricket admirers watched the sport with interest while quite a crowd of others stood around and asked questions. The latter did not "savey," and raised serious objections when a fielder dropped a fly or booted a grounder without being given an error.

The Salt Lake team won through the effectiveness of her two bowlers, Davies and Saunders. This pair completely mystified the willow wielders from Denver, especially in the second inning, when six were clean bowled on malden overs.

Another disadvantage under the visit. The Salt Lake Cricket club defeated ing team played was a turt crease. At he Denver Cricket team yesterday by home the team uses a home matting crease, and it was said the change to crease and cricketers scored enough runs in turt greatly handicapped Denver's batters.

BEAN HAS FORFEIT MONEY

Schreck and Wille Send on Their Coin to Show Their Intentions Are the Best.

Willard Bean stated yesterday that he had received the forfeit money from both Wille and Schreck to bind their good intentions in relation to the match scheduled for Sept. 5. Transportation has been sent both fighters, and as soon as they arrive the money will be placed on deposit with the club's money, and all will be on with the big match.

Wille's manager writes that among several well known Chicago sports who will be at the ringside will be George Siler, who wants to see the contest. Fight crities in the east readily agree that Marvin Hart will have to meet the winner of this contest, and it is, therefore, of more than local interest. Wille has two draws with Hart and is thought by many to be a better man.

AUTO CLUB ADDS DOCTOR TO LIST OF OFFICERS

Chicago, Aux. 21.—The automobile club of Oak Park, a suburb, has taken the precautionary measure of electing a physician as one of the regular officers, and it is not unlikely that other clubs will follow the example. The "official surgeon" will always be ready with liniment and bandages to care for the members who receive cuts or bruises on their many pilgrimages. He will accompany the club on its runs and when it takes part in parades he will be in constant attendance.
